COUNSELING SERVICES OVERVIEW

To schedule an appointment: Complete and submit the [Counseling Request Form](#) on our website.

We provide counseling services that support the successful experience of being at Bard College at Simon’s Rock and Bard Academy at Simon’s Rock. You will face numerous challenges while adjusting to campus life. We will work with you to navigate these new experiences and to move towards enhanced growth and empowerment.

Some common counseling areas include, but are not limited to: anxiety, depression, campus life adjustment, family/relationship issues, racial/cultural/ethnic realities and challenges, LGBTQ+ support and advocacy, academic difficulties, stress-related concerns, self-esteem, body image, substance use, self-harm, trauma, sexuality and social/interpersonal struggles.

Our services include: individual therapy, focus groups, crisis intervention and assessment, psychiatric evaluation/medication management, referral to outside services as needed and requested, and consultations/trainings for faculty, staff and students.

Counseling is free for all currently enrolled students. Appointments for psychiatric evaluation and medication management are scheduled by referral from a Counseling Services clinician and are billed separately through the school insurance.

Records and the information discussed are kept confidential and are not disclosed to others outside of the Wellness Center without written consent. There are specific exceptions within federal confidentiality guidelines, which will be reviewed with you during your intake appointments.
