### Change is the Only Constant

We hope this edition of the newsletter finds you and your families safe and well. In the past two months, the world has changed unimaginably, and Simon's Rock has adapted with the inventiveness, ingenuity, and resilience that has always been our backbone. Some items in this month's newsletter reflect those changes; in other ways, our work and community remain comfortingly familiar. And as ever, our commitment to providing excellence, rigor, and support to younger scholars remains unshakeable. With that in mind, we ask for your help in securing our future success.

Simon's Rock has incurred major unanticipated costs and lost revenue as a result of the coronavirus pandemic. As we continue our efforts to secure government loans, grants, and assistance to cover some of the lost funds, we are reaching out to donors, supporters, alumni, parents, and friends to renew or increase their donations—or to give for the first time. No matter how great or small your donation, <u>we hope you will make a gift to the Fund for</u> <u>Simon's Rock before June 30</u>. Your support will help us close the revenue gap before the end of the fiscal year.

Thank you!

## Admission Office Update

Even though we had to cancel Admitted Students Day for Bard Academy and Discovery Day for the College, we're continuing to connect and engage with students through a series of virtual touchpoints and events.

We've held gatherings where incoming students met current students, another where incoming parents could chat with students, as well as a Shakespeare class, a class on adolescent psychology, and a class titled "Poetry: I, too, dislike it." We look forward to returning to live gatherings as soon as it is safely possible, but in the meantime, we will continue to offer

thoughtful virtual events. These allow us to include many more students, from greater distances—students who can't miss school or whose parents can't miss work, or who can't manage the cost of travel.

## Reunion 2020 2021

Out of an abundance of caution, Simon's Rock will postpone Alumni Reunion Weekend until spring 2021. Stay tuned for more details in the coming months as we plan for a safe and secure reunion.

### **Rockers for Internships**

While the world adapts around us, some things remain steady. Among them: the value of professional internships. As our students and new graduates navigate the working world, they are immeasurably helped by internship experience.

If you have internship opportunities available or have suggestions for today's Rockers, please contact Manat Wooten, Director of Student Engagement & Career Development, <u>mwooten@simons-rock.edu</u>.
