

OCTOBER 2020

*It's hard to believe the in-person portion of the fall semester is more than half-way over! Here's Mike Bergman taking advantage of our beautiful campus to teach his Quantum Physics class outdoors.*

## The Simon's Rock Commitment

We face a year like no other, and still Simon's Rock remains loyal to our mission: to serve high-school-age scholars whose educational needs are not being met elsewhere regardless of ability to pay. Serving 374 students including 68 remote students, we have maintained a safe college community with a coronavirus positive rate that is half the state average for higher education institutions. And we've done all this while awarding **\$13.2 million in financial aid and scholarships**. Staying strong and providing a singular educational experience for younger scholars is costly. We can't afford to lose pace with our early successes.

## Annual Gift Report Available

Simon's Rock gratefully acknowledges those who made gifts in support of the College in the past year.

## Rockers Give Back During Day of Service

At the end of September we held our annual day of service, Rock the Community, in honor of Board Chair Emerita Emily Fisher. Rockers did their part to give back and stay connected to our local community through both on-campus activities and virtual gatherings—from making reproductive health training tools for those in need and teaching robotics to eighth-graders, to creating content to support LGBTQ youth advocacy and writing to lawmakers urging action on racial and social justice.

## Refer a Future Rocker by November 1 for the Spring Semester

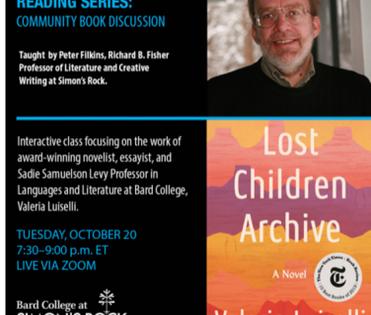

Now is a great time for potential Rockers to apply for the spring 2021 or fall 2021 semesters—and your referral would make them eligible for a \$1,000 scholarship. The deadline for spring 2021 is November 1. To make a referral, email [admit@simons-rock.edu](mailto:admit@simons-rock.edu) or fill out [our Alumni Referral Form](#).

Prospective students can safely connect with us virtually through open houses, student conversations, online tours, sample classes, and much more. See details on our [Academy](#) and [College](#) websites.

## In Memoriam: Constance Hall Buchanan

We note with sadness the passing of former Simon's Rock faculty member Constance Hall Buchanan. Remembered as a joyful teacher who was deeply engaged with students across campus, Buchanan went on to become a leading scholar of women and religion, heading the Women's Studies in Religion Program at Harvard Divinity School from 1977–1997.
